The BC Races

There are 4 BC Races: Easy, Medium, Hard and Rockhard. Each Race is split into 8 heats, each heat with 4 tracks of differing difficulty - making 32 tracks in total. The 8 heats will occur in the following order:

- | | |
|-------------------------------|-------------------------------|
| Heat 1: ROCK CITY RACE | Heat 5: SWAMP STOMP |
| Heat 2: NIGHT RALLY | Heat 6: BLIZZARD BLITZ |
| Heat 3: DESERT DRIVE | Heat 7: CAVE RAVE |
| Heat 4: JUNGLE RUMBLE | Heat 8: VOLCANO DASH |

At the finish of each BC Race, a trophy will be awarded to the winner. To win a trophy, you must race through all 8 heats of a particular BC Race (Easy, Medium, Hard or Rockhard). Your position at the end of each heat will win you points which will be applied to the League Table. You will only win the trophy for a particular BC Race if you appear at the top of the League Table after the 8th heat of that Race. Appearing at the top of the League Table after the 8th heat of the "Rockhard" difficulty level BC Race, will win you, not only the Rockhard and Enormous Trophy, but the coveted Ultimate Boulderdash Bike as well!

Continues

If you crash out or come 8th in any of the heats, you will be asked if you want to quit or try again. If you try again, you must re-race the track/heat you crashed out or came 8th in. If you do this, you will use up one of your two Continues.

Cliff's Clues

Cool n' crazy Cliff Ace, has some pre hysterical playing hints to help you out:

- Cut as many corners as you can. Cutting corners will win you the race!
- Knock out as many other riders off their bikes as you can - the more you knock off, the more league table points you'll get!
- Avoid losing at all costs!
- If there are shortcuts on the track, use 'em - if you can find 'em, that is
